There is a prospect of Provo having a street car line ere long.

Alexander, the optician, Hotel Kiesel. Hours 12 to 1:30 and 4 to 8. 4tf

Dr. Herbert Adamson at Richmond has recently erected a handsome residence, which he will soon occupy.

Leonora Jackson, the violinist, who was heard here last winter, has gone to Europe to remain for a couple of years.

The sports have been indulging themselves in duck shooting the past few days, and 'tis said such game is plentiful.

The football aggregation from the Agricultural College of Colorado will come to Logan for a game with the local team on October 30.

Miss Grace Fisher went to Salt Lake Saturday to consult an eminent oculist. Miss Fisher has a slight affection of the eyes, and had been suffering some pain as the result of close application to study.

Prof. Eaton of the Salt Lake High School came up Saturday with the High School football team. He remained over 'till Sunday afternoon, and was the guest of Prof. and Mrs. J. F. Engle, North 4th East.

Who is supposed to attend to that Wellsville road? It's a pretty tough proposition. Some work has been done on it recently, but there's still room for improvement. Holes in various culverts are dangerous and should be looked after before there is a damage suit on hand.

The other morning we found Dr. Goodrich intently studying a catalogue of baby carriages, and upon inquiry into the why and wherefore, the genial osteopath smiled and said an eight-pound boy had arrived at his home on Friday evening. Mr. and Mrs. Goodrich are now receiving congratulations.

Large numbers along the Oregon Short Line between Cache Junction and Preston took advantage of the low rates during conference to visit the capital city. Although it was thought ample provision had been made to accommodate all who might desire to go, the O. S. L. trains were crowded to inconvenience.

Prof. A. L. Merrill of the Agricultural college of Utah took advantage of the presence of some of his agricultural students at the Fair to give them an object lesson in tile draining at the demonstration plot west of Jordan river. Prof. Merrill is an enthusiast and an expert on drainage and he is imparting good instruction to his students.—Tribune.

It comes from Richmond that a little girl drank a pint of coal oil, and the doctors thought she would die, until one of them hit upon a happy expedient. He slipped a yard of candle wick down into the oil, lit the upper end, and during the evening she lighted the room nicely, and then went to bed alright. The affair has created much comment, although some people have doubted the truth of the story.

CARDON & BURNHAM.

During October we will sell Wall Paper in odd lots at an immense reduction at Wilkinson and Son's Book Store.

A Miss Adamson of Richmond was taken to the hospital at Salt Lake Tuesday for the purpose of having an operation performed. She has been suffering from abscess of the stomach.

Lewiston's petition for incorporation was considered by the commissioners on Tuesday, but they denied the application, for lack of the proper number of signatures.

The O. S. L. has the material on the ground for a new depot at Smithfield, and we are told that it will be ready for occupancy ere the snow flies. They need a first-class station there very much, and this improvement is coming none too soon. The old depot will be used for a freight house.

Funeral services of Mrs. Dorothea Jorgensen were held at the tabernacle at noon on Sunday. Many friends were present to pay their last tribute of respect to the deceased, who was a much-loved woman. W. W. Maughan, Andreas Petersen, Orson Smith, Bishop T. X. Smith and Gustave Thomason gave brief addresses to the assemblage.

Look out for a total eclipse of the moon on the 14th inst. The time given out is 9:30 p. m., and the eclipse will last for about four hours, although not total for that length of time. Although it is not given out officially, it is generally believed that this is an indication that King and the Democratic ticket in Cache county will be totally eclipsed on the 4th of November.

We made our first visit to Richmond Tuesday and while not impressed with the town's hustling, bustling qualities, we were led to believe that it is a community of citizens happy in having what is theirs. Fine streets and magnificent buildings are all right for towns that can afford them, but these seldom bring greater contentment than is the portion of citizens in smaller towns.

It is said by those who were present that Judge Hotkin's speech at Wellsville last Thursday night was a hummer. The Judge is an excellent talker, a good reasoner, and the way he went after Judge King's spiel of the night before was satisfactory to the Republicans at least. It could hardly be expected that the Democrats would relish such a dish. Postmaster Murdock drove over with him from here.

Republican headquarters are open now in the Thatcher Bank building. This is a very desirable location and of easy access to all. Republicans in the county, or elsewhere, when in town should make it a point to at least visit the place. Daily papers, and considerable campaign literature is on hand, so that you can pass a very pleasant hour. Mr. Wm. Bringham, one of the old Republicans of the valley, is in charge and will always be found there.

On Wednesday Miss Imogene Nelson of Greenville, and O. A. Follett of Hyde Park, were united in marriage. Miss Nelson is the daughter of Mr. and Mrs. C. M. Nelson, and is known in Greenville as a charming young lady, loved by all who know her. Mr. Follett is regarded highly and the union will no doubt be a happy one. In the evening a reception was tendered to the young people at the home of the bride's parents, at which a host of friends extended congratulations.

J. F. Wright of Hyrum is circulating a petition, with the view of inducing the commissioners to open up the old road to the LaPlata mining camp. The petition is being very liberally signed, and from all the information at hand we are led to believe that the road should be reopened. It was thought that the camp would be entirely abandoned, but recently a Boston syndicate took hold of the matter and are pushing the mine. If the road should be built from the Ogden side, a great deal of the trade that comes to the Cache valley would go to the city down the line, and this is hardly the way to build up the valley. The LaPlata district may yet prove a very rich one, and Cache valley can hardly afford to throw away the possibility that may be there.

The recent Conference at Salt Lake was probably the largest in the history of the church. The reports show a continued growth of members all over the United States and various parts of the Eastern hemisphere. New stations are being established at every opportunity and workers sent there. The growth of the "Mormon" church is unquestioned, and while the growth of other denominations in Utah is an assured fact, yet there is little evidence to show that the "Mormon" strength is not as great as it was when there was little or no opposition in the State. It took great strength of character, moral courage and faith for the first "Mormons" to make their historic trip into this unsettled country, and the Latter-day Saints are still exhibiting great faith and "stick-to-it-iveness" in holding out successfully against all the opposition that has been brought to bear.

Jas. Quayle & Co.

A big rally will be held in Logan on the night of Oct. 17th at which Senator Kearns, and Senator Clark of Montana will be the speakers.

The next attraction at the Thatcher Opera House is the Ward & James combination, on the 16th. The company is one that ranks very highly.

Hon. Joseph Howell spoke at Park City Tuesday night and was accorded an enthusiastic reception. He speaks at Springville, Utah county, tonight and at Spanish Fork on Saturday evening.

If you didn't register this week, don't forget to do it on the 14th or 28th inst. This is for those who didn't register last year, and others who may have moved into another district since last registration.

The beet crop in the valley this year is reported as being very short. Some of the beets are of good size and excellent quality, but taken as a whole are not up to the usual standard. This is unfortunate, of course, but is one of the trials of the average farmer.

What has become of the electric light proposition? It seems almost impossible to get any information in regard to the matter. A rumor is out to the effect that there is a move on foot to levy a special electric light tax, and the business men are a little bit worried.

It is expected that Prof. Linfield of the A. C. will accept a position in the Agricultural College at Bozeman, Mont. The executive board of that institution has tendered him a chair, and it is generally believed that the Utah A. C. will lose him. He is an able man who stands high in this State as an agriculturist, and many will regret his departure.

The "Corianton" Company after a two weeks stand at Kansas City, will go to New York and open an engagement there. The play was fairly received at Denver and Kansas City, but it was deemed best to let New York pass judgment on the play. If that city takes kindly to the production, there is little doubt of its future success. The first performance in New York will be given on the 20th inst., and Utah friends will await its reception with considerable interest.

Owing to the fact that we can not get The Republican printed just when we like, the paper must necessarily come out on Friday. We have to take the type to Salt Lake each week, and as trains do not run so as to make it convenient for us we must regulate our business according to the trains and the Salt Lake people who do our printing for us. We hope that this issue is to be the last not printed on our own press at Logan. We have again been assured that the press will reach us this week, and we hope that the assurance will be fulfilled.

The Paradise Republican primary held on October 3rd resulted in the selection of the following delegates to the county convention: J. N. Larsen, R. James, A. A. Law, O. M. Anderson, N. Y. Hansen, John Welsh, Jr., F. W. O'Ray, Alternates J. H. Gibbs, T. F. Petersen, A. A. Lemon, I. D. Bickmore, Jos. Larsen. In the organization of the primary John Welsh, Jr., acted as temporary chairman, and J. N. Larsen was made permanent chairman. R. W. James was named as secretary. It was an enthusiastic gathering of the stalwarts of that precinct.

There has been considerable inquiry in regard to the necessity of registering this year. Those who registered last year and have not moved into another district since that time are not required to register this year. Those who did not register last year and those who have moved from one district to another since that time must register this year if they desire to vote. The regular registration days were Wednesday and Thursday of this week, but there are still two other opportunities—the 14th and 28th of this month. Voters should not overlook this matter.

The A. C. of U. and Salt Lake High School foot-ball teams met on the local gridiron last Saturday and chased the pig-skin for an hour and neither side scored. The game was rather slow but a good one from many standpoints. It was more of a scientific affair than a boxing match, and was entirely free from the wrangling that gives rise to such adverse comment. The High School boys had no idea of gaining a victory, as they are pigmies in comparison with the A. C. giants. However they were quite on their feet and made some excellent runs, hence their good showing. The A. C. boys were rather slow, but gave evidence of great possibilities under Prof. Campbell's management, and in the future will be able to put up a stiff game.

Ladies and Gentlemen.

Whenever you intend to purchase Shoes and Rubber Goods please call at the Exclusive Shoe Store, by the First National Bank, Main Street, where you will find a complete stock of the finest and best footwear. "Small Profit and Quick Returns" is my motto. You will also find the shoe repairing first class.

Free Delivery.

Most of the stores have been numbered. They have placed No. 1 on the door of the Harris Music Store, as they are the first to sell you piano's and organs and first to keep their guarantee good and have a perfect right to be called a number one store.

The Tribune says local shareholders in the Raymond mine in the Eureka field are embracing a very likely story that the new and rich ore bodies in the Gemini are headed with resistless energy in the direction of Raymond territory. We understand that various person in Logan are interested in the Eureka field, and this may be good news to them.

You want "The Republican" to come to you regularly, do you not? You have received a number of copies and can form some idea of what its future will be. If you feel that it is worthy of your support, come in and give us your name as a subscriber. After this week we will make an effort to put the papers into hands that have not heretofore received them, so if you want to receive it regularly you will have to come in and subscribe.

"A Foxy Tramp" at the Thatcher Opera House Saturday night drew but a small house, and as a result the play was hardly up to what it would have been otherwise. At Ogden on Friday night the company met with a warm reception and under the influence of hearty and frequent applause gave a truly excellent performance, although a little too long. Various specialties were above the average, but the audience by its coldness failed to draw out the best there was.

Last Friday evening, a reception was given at the home of Mr. and Mrs. John F. Squires, West Center street, in honor of the marriage of their daughter, Miss Florence Squires, to Mr. Joe Baliff. The young couple were married at the Temple in Salt Lake on Thursday. Both are well known young people of Logan, who bear the hearty good will of a host of friends, many of whom were at the reception to wish them well. They will be at home after Oct. 20, at the Baliff home on First West street.

It is given out that Senator Kearns will speak in Logan on the night of the 17th inst. With him will come Senator Clark of Wyoming, and it is expected that these two prominent men will draw the biggest crowd of the campaign. The local organization will make every effort to give the speakers a hearty reception. Glee clubs are being organized, a band will be present to live up to things a little and it is generally expected that this will be a big event. Kearns' ability is well known to Cache Valley people, and Senator Clark's prominence in national affairs makes him a speaker whom all will desire to hear. The voters of the valley should remember the date, Oct. 17th, and come in and hear the issues of the day discussed in an able manner.

Miss Lottie West entertained a number of her friends at her home on West Center street last Friday evening. There were in all about thirty present. Among other things Miss West had prepared for the amusement of her guests was "A musical romance of the Civil War." Each one present was given a bunch of leaves cut from paper and daintily bound, containing twenty numbers. For each number a question was asked, and the answer was obtained by deciding the title of a song by hearing a few strains played on the piano. These twenty questions with their answers constituted a very pretty romance. Several present got all the answers correctly, but I. L. Bringham was the man who got the lucky straw and consequently the box of candy as a reward for his "hard thinking." Mrs. P. E. Keeler delighted the assembly with a couple of vocal selections and Misses West and Annie Raymond played some pleasing instrumental music. Miss West had prepared some very toothsome refreshments and this was not the least enjoyable of the evening's program. When the time for homegoing arrived each one assured Miss West of having spent a pleasant evening, and all present united in pronouncing her an ideal hostess and a royal entertainer.

BURLINGTON ROUTE!

Famous Men and Women

from all over the world, travel on the Burlington's Chicago Special.

No matter who the man is, where he comes from, or whether he is bound, the probability is that, some day he will pass through the gates of the Union Depot in Denver and be directed to the "train on the sixth track."

Talk about famous trains, the queen of them all is the magnificent express that pulls out of Denver at four o'clock every afternoon, arriving at Omaha next morning and Chicago next evening.

Another good train for Omaha and Chicago is the Vestibuled Flyer, leaving at 10 p. m. Kansas City and St. Louis trains leave at 3 p. m. and 10 p. m. Through sleepers for Omaha and Chicago leave Salt Lake City at 3:15 p. m. daily. Through tourist-cars, Wednesdays and Fridays.

Tickets at office of connecting lines.

Ticket Office: 79 West Second South Street, Salt Lake City, Utah.
 R. F. NESLEN, General Agent.

Subscribe for The Logan Republican and assist a Cache Valley publication that will eventually be of much value to the entire valley.

The State Fair is considered a great success this year, although there will probably be a slight deficit in the finances. Much credit is due Bishop Empey, president, whose untiring labors saved the state a large sum of money. This year a more general interest was taken in the fair, and large and excellent exhibits from every part of the state were on hand.

On the first page of the Nation is the statement that H. Bullen Jr. is "the logical candidate" for the Senatorial nomination, and the prediction that Mr. Bullen will head the ticket. On an inside page is the statement that Mr. John Hendrickson is "the logical candidate in every sense of the word," and that "He will be chosen." The statements slightly conflict, or else there are to be two nominees for this office.

That unfortunate scrape at Hyrum, in which Dr. Wells was arrested and charged with attempted abortion on a young lady of that town, has been brought into greater prominence by the disappearance of Dr. Wells. It will be remembered that he was released on bond furnished by Thomas Rose of Hyrum and D. W. Davis of this city. He has since disappeared and cannot be located. Davis and Rose will have \$500 to pay if the doctor doesn't put in his appearance for trial.
